Nomination of Category and Entry Fees

Artists may nominate a category for their entry but the Spirit of the Land Lockhart Inc. Committee reserves the right to refuse any artwork entry into a specified category. This would only occur after consultation with the artist.

The Youth and the Small Sculpture entry fee is \$5, all other entry fees are \$25. The same sculpture may be entered into more than one Award category, but will be charged accordingly, i.e. entry into the National Farm Art Award, and the Local Artist Award would cost \$50. Multiple sculptures may also be entered. The entry fee is \$25 for each of the first two sculptures and \$10 for each sculpture thereafter.

Sculpture Categories

1. National Farm Art Sculpture Award

Our major award is the \$10,000 National Farm Art Sculpture Award, sponsored by Lockhart Shire Council. It is a non-acquisitive award, and award winners will retain ownership of their artwork. However the winning piece must stay on display in the Lockhart Shire for a period of twelve months. It may be sold (and indeed the display may well engender a sale) but the new owner cannot take possession until the twelve months have passed, unless special permission has been sought from the Spirit of the Land Lockhart Inc. Committee.

The Spirit of the Land Lockhart Inc. Committee will have a 'First Right of Refusal' with respect to any sale / purchase of the National Farm Art Sculpture Award winning entry.

The National Farm Art Sculpture Award must be created predominately from metal and we

encourage the re-use of old machinery and farm equipment. There are also two Highly Commended awards in this category.

National Farm Art Sculpture Award entries should: -

- a) Be constructed predominately from metal.
- b) Have a significant portion of its materials of agricultural origin.
- c) Demonstrate ingenuity and resourcefulness through the use of materials.
- d) Be principally constructed by the artist.

2. Creative Cocky Award

This Award is for art that must have been made by a practicing or retired farmer and which clearly shows the origin of the steel. We expect that pieces in this category would be refashioned farm scrap metal, but this is not mandatory. In this prize category 'imagination' is the goal, not the most beautiful or skillfully made.

3. Local Artist Award

Sculptures entered into this category will have the same criteria as the National Farm Art Sculpture Award, and must be made by an artist who resides within 50 km radius of Lockhart.

4. Small Sculpture Award

Sculptures entered into this category will have the same criteria as the National Farm Art Sculpture Award, and are less than 1m high, wide and long.

5. Youth Artist Award

Sculptures entered into this category will have the same criteria as the National Farm Art Sculpture Award and must be made by an artist under the age of 18 years. The judges will be looking for an artist who shows potential in the field of Farm Art Sculptures.

6. Spirit of the Land Award

Sculptures in this category should reflect an Australian rural landscape theme. Sculptures should be created from natural elements that reflect the unique Australian landscape e.g. wood, fibre, stone, grasses etc.

7. Free Spirit Award

This category is aimed at more contemporary sculptures that do not reflect "farm art". Sculptures entered into this category: -

- a) Must be constructed predominantly out of metal;
- b) Can have plasma cut elements;
- c) Must be principally designed by the artist, but can be manufactured/cut elsewhere;
- d) Do not need to be of agricultural origin;
- e) Cannot be entered in any other category as sculptures entered in the Free Spirit Award will not fit the criteria of all other categories.

8. People's Choice Award

There will also be a People's Choice Award for the Sculptures.
